ONE PAGE · FOUR PRODUCTS · ONE DASHBOARD

orderqo helps food businesses take orders, bill faster and get found online.

Four products, one dashboard. Each shop keeps its own name, logo and colours on menus, bills and QR posters — guests order straight from the table.

QR Menu

RESTAURANTS · CAFES · BAKERIES · HOTELS

- Shop-branded digital menu and QR poster
- Guests order and request service from the table
- Live kitchen and order screens
- Tables, reservations and rooms (hotels)
- Bills with UPI payment QR

HOW IT GROWS THE BUSINESS

Faster table turns, fewer order mistakes and a menu you can update any time without reprinting.

orderqo POS

COUNTERS · SHOPS · PHARMACIES

- Quick counter billing and GST receipts
- Stock with barcode lookup and photos
- Voice entry in English, Hindi and Assamese
- Khata (customer credit) with statements
- Sales reports and PDF downloads

HOW IT GROWS THE BUSINESS

Know what sells, avoid running out of stock and keep credit customers on record.

Home delivery

CLOUD KITCHENS · DELIVERY SHOPS

- Your own online ordering link
- Delivery charge by distance
- Delivery partner app with live location
- PIN and photo proof on delivery
- Order chat with customers

HOW IT GROWS THE BUSINESS

Take orders directly, without paying commission on every order to outside apps.

Google Reviews

ANY LOCAL BUSINESS

- Review QR cards and NFC stands
- Business page with your details
- Help writing honest review replies
- Scan analytics
- Works alongside QR Menu, POS and delivery

HOW IT GROWS THE BUSINESS

More real customers reach your Google review page, which helps people find you on Maps.

Plans	₹999/mo	₹1,499/mo	₹2,499/mo	₹1,699/mo
